

LLH Elementary

December 2025

What we've been up to ...

It has been a busy fall. We thought we'd share a few of our most recent activities.

Students have been ...

- Gardening! With the help of the Wildflower Association of Michigan (WAM), the fourth and fifth graders have been clearing and planting a native garden in the Elementary tiers. There's still a lot of work to finish up in the spring as the younger students will plant the butterfly gardens, but we're all excited to see the fruits of our labor!
- Reading! Thank you for partnering with us to make Fall Family Reading Night a success. Your encouragement of student reading is important to their future success. We appreciate your support of your student's learning. See you again in February!
- Engineers! MTU Engineers come to many of our classrooms regularly and the kids love it, but last week the fifth graders had the unique opportunity to use Computer Aided Instruction (CAD) through a program called OnShape to design different objects. The result? A personalized desk or locker organizer. Additionally, the school received a 3D printer as part of the grant. We foresee some amazing creations in our future!
- Caring for others! Thank you for supporting our local food pantries through the TV6 Can-a-Thon. The Elementary students collected 462 items to help others when they need it most. All donations stay in the local area. Did you know that the Little Gem Community Cupboard is available? No questions asked. There is also an outside option for dry goods. Visit the Cupboard at 700 Calumet Street, Lake Linden.

Free Sporting Event Access

Students wearing LLH apparel attend district sporting events free of charge. If your student needs school apparel, the PTO sells t-shirts, sweatshirts, hats/caps in the HS concession area or you can reach out to lakelindhubbellopto@gmail.com.

Seasonal Reminders

Please send children to school in the appropriate winter gear – snow pants, winter coat, hat, scarf, mittens/gloves. We also recommend packing an additional set of daily clothing in backpacks, especially socks, as students often get items wet.

To be included in text alerts for weather delays and cancellations, be sure to have an updated phone number in PowerSchool. Also be sure to reply "Yes" to Bright Arrow texts to join or text the word YES to 79041 to link with the system. You can also check for updates on TV6 News, the Keweenaw Report, My UP Now, and local radio stations .

Join Us in December

Special Events

Everyone Wins! Book Study Dec. 1

Edmond Fitzgerald @ 6, Dec. 3
